Hello Tillicum students, families, and staff

Welcome back! We hope you had a restful spring break and are returning to school recharged. This newsletter brings us to April, with much to celebrate and reflect upon, as well as much to prepare for! As we enter the final three months of the school year, we delight in the many highlights of the past term around our school, as well as look forward to some of the exciting events ahead!

Our fields are open once again for play and track practice. Daily physical activity is a focus at Tillicum and we have a significant amount of equipment and activity available for students throughout the day. Outdoor play is very important to student learning, health and well-being. Particularly at this time of year, please help your child be prepared for all types of weather by reminding them to dress in layers and have closed toe, flat shoes at school at all times for active and safe participation in the gym and outside. Your continued support is very much appreciated.

Tillicum **ROCKS!** and we continue to focus on **Respect, Organization, Cooperation, Kindness** and **Safety** in class, on announcements, and throughout the school. Expected behaviours in all areas of school have been defined on our Behaviour Matrix and have been taught in all classes. This matrix is available on our school website as well. Using **WITS** is also common practice at Tillicum. We work hard to ensure that Tillicum is a safe and nurturing place for us all. Every day at Tillicum we focus on kind and friendly behaviours, providing all students the opportunity to fix any mistakes and for everyone to demonstrate learning from each mistake. Thank you for all you do to reinforce these beliefs. It is definitely a pleasure to work with such a supportive community.

Student-Led Conferences

April 21 & 22, students and families will be participating in one of the most important events of our year, Student Led Conferences. This is an opportunity for students to share the work they have been doing and for us to celebrate the accomplishments of your children with pride. As a reminder both of these dates, **April 21 & 22, we have an early dismissal:**

11:35 AM for Divisions 11-20

11:45 AM for Divisions 1-10

As you as well aware, this year's conferences will look a little different. Every Division teacher will be reaching out to their families to inform them of what this will look like for their Division.

Class Placements for 2021-22

We are beginning to plan for our classes for next year! Our current grade five students will be transitioning to various middle schools. We have been busy registering kindergarten students for the fall. If your child is currently in kindergarten to grade four and will not be attending Tillicum Community School next year, please advise the office staff. As we work together to place students we consider the following factors:

- **Specific learning strengths, needs, and styles**
- **The child's need for attention in social, emotional and behavioural areas.**
- **The child's need for learning support or access to inclusive education services.**
- **Interests, learning styles, effort and independence**
- **Class size and composition**

The staff at *Tillicum* will continue to put considerable time and effort into forming balanced classes according to the criteria noted above. Should parents wish to provide input to the class placement process citing educational and social/emotional reasons, please send an e-mail to Mr. Duyndam (jeduyndam@sd61.bc.ca) no later than Monday, May 3rd, 2021.

Track

We are just beginning our track season. We are hoping to have both fields lined at some point in April. All track activities will happen during PE classes this year due to COVID-19.

Screen Time

Our health and safety team would like to remind parents that they can protect their children from potential harm from video games by following a few common sense strategies — particularly if they are concerned that their children might be vulnerable to the effects of violent content. These simple precautions may help:

- Check the ESRB rating to better understand what type of content a video game has.
- Play video games with children to better understand the content, and how children react.
- Place video consoles and computers in common areas of the home, rather than in children's bedrooms.
- Set limits on the amount of time youths can play these games. The AAP recommends two hours or less of total screen time per day, including television, computers, and video games.
- Encourage participation in sports or school activities in which youths can interact with peers in person rather than online.

Video games share much in common with other pursuits that are enjoyable and rewarding, but may become hazardous in certain contexts. Parents can best protect their children by remaining engaged with them and providing limits and guidance as necessary.

For the full article please see: https://www.health.harvard.edu/newsletter_article/violent-video-games-and-young-people

As always, our office door is open to discuss any concerns or questions you may have about our school or the programs/services we offer. Thank you for your continued support and involvement in your child's education.

Jeff Duyndam & Rhonda Leduc
Principal Vice-Principal

Tillicum Community School Calendar

April 2021

For events specific to each Division, please speak with your child's teacher.

Sun	Mon	Tue	Wed	Thu	Fri	Sat
